

## DATL ONLINE LEARNING CHOICE BOARD

**Red indicates 'Art from the Heart' activities to be done with your child for our school wide project. Also, continue to read and practice math daily. If there is time, feel free to pick one activity from each row (independent reading, word work, read aloud etc.) to do.**

### ART FROM THE HEART

This is an opportunity for your child to showcase their creative uniqueness. Please watch the Power Point video on our featured artist Alan Goldsworthy. While on your nature walks start collecting items from nature like twigs, rocks, leaves, acorns, pinecones etc. Keep in a container or bucket. Your child is to use these items from nature to create their own sculpture, picture or images. Please take a photo of this and send it to your child's teacher. Your child will also need to think of a name / label or title for their creation. More explanation regarding this project will go home soon.
