

# CVC Word

Name \_\_\_\_\_

## Vowel Swap

Directions: Switch the medial vowel to make the word in the picture.

bad

b \_ d

peg

p \_ g

big

b \_ g

map

m \_ p

hot

h \_ t

tip

t \_ p

sun

s \_ n

nut

n \_ t

hog

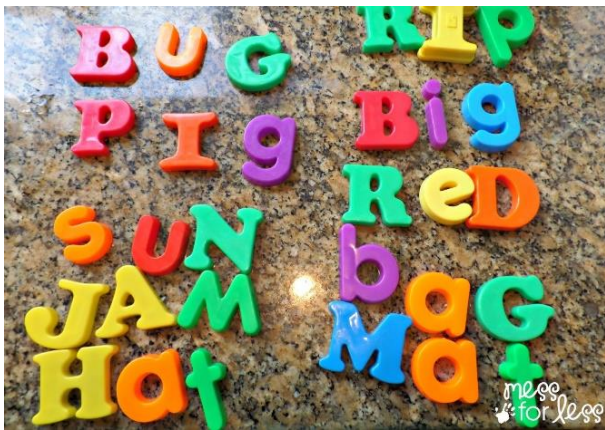

h \_ g

## Magnetic CVC words

Go through your magnet letters and make up some simple to sound out words (CVC words). Once you have your words, write each of them down on a separate index card.

Fill up a bin with lentils or whatever bean or sensory material you happen to have on hand. Beans are a great sensory bin filler because they are inexpensive and last a long time. We have had our sensory beans for years. When the kids are not using them, I store them in large zip top bags.

Mix the magnetic letters into your sensory bin. Have your child pick out the letters and spell (and read) the words you have written on the index cards.

## Sight Word Hopscotch

Sketch out a hopscotch course but use sight words instead of numbers. Toss your marker, read the word it lands on, then hop to it!

## Sight Word Target Practice

Write out sight words on paper plate targets and stick them up on a wall. When you call out a word, kids have to find the "target", read it, and throw a ball to hit it.
